Acknowledgments	xi
Prologue: Flight 621	xv
About the Author	xxiii
1 The Early Years	1
My Family	1
Education	4
The RCAF	6
Marriage	9
Graduate School	10
Early Married Life	11
Almost Forensic Science	12
2 The Fledgling Forensic Scientist	15
Forensic Science in Ontario	15
The Attorney General’s Laboratory/Centre of Forensic Sciences	16
The Breathalyzer	18
Introduction of Breath Test Evidence	22
3 Point Zero Eight: Forensic Science Influences the Law	25
Early Legislation	25
The Grand Rapids Study	26
A Holiday Message	27
4 The Courtroom: “What on Earth Am I Doing Here?”	33
The Search for Truth?	33
The Logistics	34
Hastings County (and Other) Juries	35
Women in the Courtroom	36
Justice for Indigenous People	37
Gore Bay, My Favorite Court	38
Capital Punishment	39
Giving Testimony	40

5	Broadening Horizons: There Is More to This Than Just Alcohol!	43
	Gas Chromatography and Arson	43
	Fire Investigation	44
6	Screech and Seal Flipper Pie: Fire and Politics in Newfoundland	49
	The Initial Investigation and Events	49
	Ontario Becomes Involved	51
	The Simulations	51
7	Carbon Monoxide: “Death and the Dark-Haired Maiden”	57
	Regina v. Dalton Barber	58
8	Nitroglycerine and Explosions: Some Things Can’t Be Learned in the Laboratory	67
	Nitroglycerine: A Tool for Midnight Withdrawals	67
	Investigating Explosions	69
	Metallic Sodium	73
	Homemade Explosives	74
	An Embarrassing Case	75
	High Explosives	77
	A Variety of Learning Experiences	79
	Hoggs Hollow	79
	Not All Mines Are Explosive	81
	Explosion in an Operating Room	81
	Rush to Sutton Place	81
	Some Movies Are Truly Explosive	82
9	An Explosion in a Dynamite Plant: “Holy Sh--! This Stuff Is Dangerous!”	83
	Safety Elements in Building Design and Production Process	84
	The Explosion	86
	The Investigation	86
	Possible Causes of the Explosion	89
	Conclusion	90
	A Sequel	91

10	Dealing with IEDs: “There Has to Be a Better Way”	93
	Development of New Equipment and Procedures	94
11	Canada’s Guy Fawkes	99
	A Louder than Normal Question Period	99
	A Rooming House in Toronto	101
	Meanwhile, Back in Ottawa	103
12	Mr. Miscellaneous: “Can You Do Something with This?”	109
	Criminal Abortions	110
	Illegal Gambling	112

14	How to Get a New Lab?: Regina v. Wayne Ford	123
15	The Attorney General’s Lab Gets a New Name and a New Director	129
	Directing CFS	130
	The International Meeting in 1969	133
	The New Laboratory Building	135
	Ministry of the Solicitor General	138
16	“Get Involved” They Told Me, So I Did: Professional Associations	141
	Canadian Society of Forensic Science	141
	American Academy of Forensic Sciences	142
	Committee on Alcohol and Other Drugs, National Safety Council	152
	American Society of Crime Laboratory Directors	153
	International Association of Forensic Sciences	156
17	Last Word Society Stories No. 1 (1979): “Was Tom Thomson Murdered?” or “Whose Bones Are Buried under That Spruce Tree?”	161
	July 1917	163
	September–October 1956	169

	A TV Film and Some Books	172
	Conclusion	178
	Addendum	179
	Further Readings	180
18	Last Word Society Stories No. 2 (1983): The Assassination of Thomas D'arcy McGee, "Look for the Tailor with the Red Whiskers"	183
	Addendum	190
	Further Readings	192
19	Last Word Society Stories No. 3 (1988): Arsenic and Old Ice, the Death of Charles Francis Hall	193
	Further Readings	199
20	Miracle of Mississauga: "Let's Get the Hell Out of Here"	201
	CP Rail Train 54	201
	The Evacuation	203
	The Investigation	207
	What Caused the Journal Box and Axle to Fail?	207
	What Caused the Extensive Fires?	207
	Which Cars Exploded, Why, and in What Sequence?	208
	Why Did Some Propane Cars Not Explode?	211
	What Caused the Hole in the Chlorine Tank?	212
	How Much Chlorine Was Left in the Tank on Sunday Morning?	213
	Conclusion	214
21	The Baby Deaths at Sick Kids Hospital: "George the Moose Was Still Standing"	215
22	Introduction of DNA Profiling: "If You Are Going to Do It, Do It Right!"	223
	The Bernardo Case	229
23	The Guy Paul Morin Case, a "Tragedy of Errors"	233
	The Crime	233
	The Investigation	234
	The First Trial and Appeals	236

Contents	ix
