

Contents

1 Introduction (Part 1 of 2): Food Fraud Definitions and Scope	1
Introduction	1
Key Learning Objective 1: Preface to Introduction—Why Act?	
Do I Need to Act?	3
Do I Need to Act? How Much Is Enough? How to Start?	4
Who Cares? Why Do I Care? Why Does Anyone Care?	6
Is the Government Doing “Enough”?	7
Key Learning Objective 2: Definitions	7
General Concepts	7
Types of Food Fraud	11
Definitions of Food Risks: Food Quality Food Safety, Food Fraud, and Food Defense	21
Key Learning Objective 3: The Food Risk Matrix—Food Quality, Food Safety, Food Fraud, and Food Defense	24
The Food Risk Matrix	24
Conclusion	37
Appendix: WIIFM Chapter on Introduction and Definitions	39
Appendix: Study Questions	39
References	40
2 Introduction (Part 2 of 2): Basic Prevention Concepts	43
Introduction	43
Key Learning Objective 1: Product Fraud Attributes	44
Types of Food Fraud Risks: Direct, Indirect, and Technical	44
Countermeasures and Control Systems: Detect, Deter, and Prevent	47
The Focus on Countermeasures and Control Systems	50

Key Learning Objective 2: Types of Harms and Identifying the Root Cause	51
Food Risk Matrix: Connection of Concepts	51
Root-Cause Analysis: Cause and Effect	57
Examples of Incident Impacts.	59
Key Learning Objective 3: Prevention and Problem-Oriented Research	60
The Efficiency of Prevention: The Only Really Logical Strategy . . .	61
Personal Insight: The Positioning of Food Fraud Prevention	68
Management Structure: “Who ‘Owns’” It?	72
Conclusion	75
Appendix: WIIFM Chapter on Introduction to the Concepts	76
Appendix: Study Questions	77
References.	77
3 Food Fraud Prevention Overview (Part 1 of 3): Basics.	81
Introduction.	82
Key Learning Objective 1: The Interdisciplinary Prevention Approach.	82
Overview of the Prevention Approach	83
Key Learning Objective 2: Interdisciplinary Nature of Prevention	87
Social Science and Criminology.	88
Key Management Disciplines	90
Other Important Fields: Law, Accounting, Information Technology, and Others.	97
Key Learning Objective 3: Understand the Prevention Concept	98
Food Protection Plan: Prevention, Intervention, and Response	98
Consider Strategies First and then Review Tactics	99
Optimize the Countermeasure and Control System	103
Conclusion	109
Appendix: WIIFM Chapter on Prevention Basics	110
Appendix: Study Questions	111
References.	111
4 Food Fraud Prevention Overview (Part 2 of 3): The Approach	115
Introduction.	115
Key Learning Objective 1: Functionality and Application of the FFPC.	117
Coordinating Countermeasures: Scouting Internally for Other Current Programs	117
Selecting Countermeasures and Control Systems.	119
Key Learning Objective 2: Integrated Framework for “How Much Is Enough?”	123
Monitoring for Efficiency: Review the Current Decision-Making Process	123
COSO Principles in Detail: Fraud in Fraud Assessments.	128

Iterative Cycle: Review of the Process Itself	129
Key Learning Objective 3: The Process Steps	132
New Information: Monitoring for Changes	133
Role of ERM in Decision-Making: Corporate Risk Map	150
“How to Start” and “How Much Is Enough”?: “The Corkscrew Approach”	152
Conclusion	152
Appendix: WIIFM Chapter on Prevention Approach	153
Appendix: Study Questions	154
References	154
5 Food Fraud Prevention Overview (Part 3 of 3):	
The Implementation	157
Introduction	157
Key Learning Objective 1: Systematic Prevention—A “System of Systems”	158
Introduction to the Problem	158
The Engine: The Fraud Opportunity	160
Awareness: Incident Review and Fraud Opportunity	162
Key Learning Objective 2: The Vulnerabilities and Countermeasures	164
Vulnerabilities: Understood by Risk Assessment and Decision Sciences	165
Countermeasures and Decision-Making	169
The Determination of “How Much Is Enough” by Enterprise Risk Management (ERM/COSO)	170
Key Learning Objective 3: A Systemic Approach to Food Fraud Prevention	174
The Fraud Opportunity: The Root Cause	174
The Components of the Food Fraud Prevention Cycle: How They Fit Together	175
Risk Analysis of the FFIS and FFVA: “The Assessment”	180
Countermeasures: The Risk Treatment	180
Conclusion	182
Appendix: WIIFM Chapter on Prevention Implementation	183
Appendix: Study Questions	183
References	184
6 Business Decision-Making and ERM/COSO	187
Introduction	188
Legal Requirements and “Opportunities”	189
Key Learning Objective 1: Enterprise-Wide Risk Management System	190
COSO: Regulatory Compliance for Securities and Finance	190
Internal Controls: ERM and ERM-Like	193
ERM/COSO: Connect Everything to Everything	194

Key Learning Objective 2: Applying Enterprise Risk Management to Food Fraud Risk	200
Risk Appetite and Corporate Risk Map	200
Assessments of ERM/COSO Initial Screening and Detailed Assessment	204
Overview of Business Economic Crimes Including Fraud	205
Key Learning Objective 3: Iterative Process or Mitigating Food Fraud Risk Using ERM	207
COSO Cube in Detail	208
Integration with Standard Operating Procedures and Terminology	211
Decision-Making Examples to Find the Ideal Scenario	212
Conclusion	216
Appendix: WIIFM Chapter on Business and ERM	217
Appendix: Study Questions	217
References	218
7 Criminology Theory (Part 1 of 2): Foundational Concepts	221
Introduction	221
Key Learning Objective 1: Crime Prevention Theory	224
Fundamentals of Criminology and Crime Prevention	224
Introduction to the Concepts of Crime Science, Criminology, and Criminal Justice	232
Introduction to a Range of Criminology Theories	234
Key Learning Objective 2: Situational Crime Prevention in Detail	241
Situational Crime Prevention in Detail	242
Review of Criminology Terms	242
Examples of Situational Crime Prevention for Other Crimes	248
Key Learning Objective 3: Overview of the Crime Triangle	250
From Crime Opportunity to Fraud Opportunity	250
Victims and Fraudsters	252
Guardian and Hurdle Gaps	253
Conclusion	254
Appendix: WIIFM Chapter on Criminology Foundation	255
Appendix: Study Questions	255
References	256
8 Criminology Theory (Part 2 of 2): Application Review	259
Introduction	259
Key Learning Objective 1: Simplifying the Crime Triangle for the Food Industry	260
Motivation that Is Macro or Micro or Both	261
Education as a Weapon	264
Government and Law Enforcement Priority Setting	270
Wine Spectator Article	276
Law Enforcement Conundrum: Priority Setting	277

Key Learning Objective 2: Review of Governmental Reports that Address Product Fraud.	280
GAO Expanding from IPR and Economic Adulteration to Food Fraud	280
Review of “Crime Analysis for Problem-Solvers in 60 Small Steps”	287
Key Learning Objective 3: Additional Insights on Prevention	292
Several Applied Examples Are Included Below	294
Conclusion	302
Appendix: WIIFM Chapter on Criminology Application.	302
Appendix: Study Questions	303
References.	304
9 Supply Chain Management (Part 1 of 2): Fundamentals	307
Introduction	307
Key Learning Objective 1: Supply Chain Management	
Introduction.	308
Theoretical Foundation.	309
Important Concepts and Focus Areas	312
Supply Chain Documentation.	319
Key Learning Objective 2: Supply Chain Characteristics	321
Globalization.	321
E-Commerce	322
Key Learning Objective 3: Continuity Planning and Crisis Management	327
Internal Controls for Supply Chain Management.	327
Business Continuity Planning and Incident Management	328
Mock Exercise: Food Fraud Tabletop Exercise (FFTTX)	329
Conclusion	334
Appendix: WIIFM Chapter on Supply Chain Management	
Fundamentals	334
Appendix: Study Questions	335
References.	335
10 Supply Chain Management (Part 2 of 2): Application	
Applied to Food Fraud Prevention	339
Introduction.	340
Key Learning Objective 1: Supply Chain Management	
Application to Food Fraud Prevention	340
Supply Chain Laws and Regulations	341
Key Learning Objective 2: Traceability and Digital Transactions	347
Traceability and Electronic Transactions	347
Key Learning Objective 3: Reviews of Past Traceability Efforts	
Including the California Drug Pedigree and RFID.	353
Information and Database Security: Hackers Adding Fake Codes.	354

Review of Past Traceability Initiatives (RFID or Auto-identification): Cost \$282 Million Per Company	355
Summary of CA-SB1476 (and then Why It Didn't Get Implemented)	357
Conclusion	362
Appendix: WIIFM Chapter on Supply Chain Management Application	363
Appendix: Study Questions	363
References.	364
11 Standards and Certifications (Part 1 of 2): The Role of the Public-Private Partnership	367
Introduction	367
Overview of Standards	369
Key Learning Objective 1: Role of Key Nongovernmental Organizations (NGOs)	371
NGOs: How and Whom They Help—ISO, ISO, GFSI, and Others	371
Missions, Actions, and Resources.	374
Key Learning Objective 2: Public-Private Partnerships Considering NGOs and NPOs	379
Summary of Nongovernmental Organizations (NGOs) and Nonprofit Organization/Not-for-Profit Organization (NPOs) . . .	380
The NGOs Supporting Role to and from Laws, Regulations, Standards, and Certifications	382
Stages of Policy Development: The Need for Clear and Formal Definitions	384
Key Learning Objective 3: International Collaboration	384
WHO, FAO (UN), and ISO	385
WHO/FAO Activity by INFOSAN	387
International Standards Organization (ISO)	392
Conclusion	394
Appendix: Glossary of Addition Terms and Definition	395
Appendix: ISO 22000 Food Safety Terms Applicable to Food Fraud	396
Appendix: ISO 22000 Family of Standards	399
Appendix: WIIFM Chapter on Standards and Certification Overview.	400
Appendix: Study Questions	401
References.	401
12 Standards and Certifications (Part 2 of 2): Global Food Safety Initiative (GFSI).	405
Introduction.	405
Key Learning Objective 1: The GFSI Food Safety Management System.	406
International Industry Collaboration Including GFSI.	407

GFSI and Industry Priority Setting	408
The GFSI Food Safety Management System (FSMS)	411
Key Learning Objective 2: GFSI HACCP (Food Safety) and TACCP (Food Defense)	415
HACCP (Food Safety)	415
TACCP (Food Defense)	418
Key Learning Objective 3: GFSI VACCP (Food Fraud) and Auditing	422
VACCP (Food Fraud)	422
Comparison of GFSI Standards Related to Food Fraud	428
GFSI Food Fraud Auditor Expectations: Not to Be a Counter-Fraud Expert.	433
Conclusion	435
Appendix: Side by Side FF GFSI Standards Requirements	435
Appendix: WIIFM Chapter on Standards and Certification with GFSI	439
Appendix: Study Questions	439
References.	440
13 International Public and Private Response	443
Introduction	443
Key Learning Objective 1: Review of International Incidents	447
Incidents in China	450
Incidents in the European Union (Including the UK).	454
Other Significant Global Incidents	455
Key Learning Objective 2: Severity and Frequency Leading to Responses	456
Chinese Response and Direction	457
European Union Response and Direction	458
The UK	464
Key Learning Objective 3: Intragovernmental Efforts Including INTERPOL, Europol, and OECD	467
OECD-Economic Impact of Counterfeiting and Piracy Report	467
OECD and the Food Supply Chain.	468
INTERPOL and Europol.	470
Conclusion	474
Appendix: WIIFM Chapter on International Response	475
Appendix: Study Questions	475
References.	476
14 Marketing, Competitive Strategy, and Competitive Intelligence.	479
Introduction	479
Key Learning Objective 1: Competitor Analysis Overview	480
Five Forces Model Applied to Food Fraud Prevention.	481
Competitor Analysis Factors.	485
Competitive Analysis: Scope of Response Decisions.	486

Key Learning Objective 2: The Basic Factors of the Marketplace	488
Competitor Intelligence Foundation: Review of Theories	488
Competitor Analysis: More on Defensive Strategies	491
Competitor Analysis: Tests for Evaluating Defensive Tactics	493
Key Learning Objective 3: Scenario Development that Helps Evaluate Countermeasures and Control Systems	495
Industry Scenarios: Response	495
Methods of Competitor Analysis	496
Case Study: Market Share of Fraudsters in the Food Flavor Industry	497
Conclusion	498
Appendix: WIIFM Chapter on Marketing	499
Appendix: Study Questions	499
References.	500
15 Risk Analysis (Part 1 of 3): Basic Fundamentals	501
Introduction.	501
Key Learning Objective 1: Introduction to Risk.	503
Introduction to Risk Analysis	503
Introduction to Risk and Vulnerability: Foundational Terms	504
Types of Risks.	507
Key Learning Objective 2: Fundamentals of Risk Analysis and Risk Communication	511
Introduction to Decision Sciences	512
Risk, Risk Attitude, Likelihood, and Consequence: ISO 31000—Clarity and Conflict	513
Quantitative or Qualitative Analysis: Both Are Supported in ISO 31000.	516
Foundational Definitions: Accuracy, Precision, Certainty, and Robustness	519
Key Learning Objective 3: Review Who Is of “Accountable” and “Responsible”.	522
Who Is “Accountable” Versus Who Is “Responsible”	523
Conclusion	524
Appendix: WIIFM Chapter on Risk Basics	525
Appendix: Study Questions	525
References.	526
16 Risk Analysis (Part 2 of 3): Application to Food Fraud	529
Introduction.	529
Key Learning Objective 1: Application to Food Fraud Prevention.	530
Appropriate Precision, Accuracy, Certainty, and Presentation of Findings	531
Qualitative vs. Quantitative Assessments and Words Versus Numbers	534

Key Learning Objective 2: Introduction to Data Analytics and Big Data	537
Types of Analytics.	537
Describing the Nature of the Data	538
Assessing the Value or Utility of a Data Set	540
Key Learning Objective 3: Extreme Events, the Highly Improbable, and Black Swans.	542
The Black Swan: Experience Versus Expertise	546
Conclusion	552
Appendix: WIIFM Chapter on Risk Application	553
Appendix: Study Questions	553
References.	554
17 Risk Analysis (Part 3 of 3): Implementation	559
Introduction	559
Key Learning Objective 1: Framing the Problem and Scope	561
Prepare and Review.	562
Risks of Conducting Risk Assessments	564
Research Internal and External Resources	566
Key Learning Objective 2: A Prefilter or Food Fraud Initial Screening (FFIS).	568
Introduction to the COSO Initial Screening: Food Fraud Initial Screening Tool (FFIS)	568
Introduction to the COSO Detailed Assessment: Food Fraud Vulnerability Assessment	569
Application of the Assessment and Supporting Resource-Allocation Decision-Making	577
Key Learning Objective 3: FFVA and Presentation of Results (5265).	581
Food Fraud Vulnerability Assessment (FFVA) Which Is a Detailed Assessment	581
Databases and Sources of Information	582
Incident Reviews.	588
Presentation: Corporate Risk Map	589
Conclusion	594
Appendix: WIIFM Chapter on Risk Implementation	596
Appendix: Study Questions	597
References.	597
18 Conclusion	599
Conclusion	599
Afterword.	601
Appendix	611
Index.	621
